Tamerlan Biographies Historiques:

The Legendary Biographies of Tamerlane Ron Sela, 2011-04-29 Timur or Tamerlane is famous as the fourteenth century conqueror of much of Central Eurasia and the founder of the Timurid dynasty His reputation lived on in his native lands and reappeared some three centuries after his death in the form of fictional biographies authored anonymously in Persian and Turkic These biographies have become part of popular culture Despite a direct continuity in their production from the eighteenth century to the present they remain virtually unknown to people outside the region This remarkable and rigorous scholarly appraisal of the legendary biographies of Tamerlane is the first of its kind in any language The book sheds light not only on the character of Tamerlane and how he was remembered and championed by many generations after his demise but also on the era in which the biographies were written and how they were conceived and received by the local populace during an age of crisis in their own history

Tamerlane and the Jews Michael Shterenshis, 2013-11-05 This book provides a general introduction to the history of Jewish life in 14th century Asia at the time of the conqueror Tamerlane Timur The author defines who are the Central Asian Jews and describes the attitudes towards the Jews and the historical consequences of this relationship with Tamerlane Left alone to live within a stable empire the Jews prospered under Tamerlane In founding an empire Tamerlane had delivered Central Asia from the last Mongols and brought the nations of Transoxonia within the orbit of Persian civilisation The Central Asian Jews accepted this spirit and preserved it until modern times in their language and culture

From Genghis Khan to Tamerlane Peter Jackson, 2024-02-06 An epic account of how a new world order under Tamerlane was born out of the decline of the Mongol Empire By the mid fourteenth century the world empire founded by Genghis Khan was in crisis The Mongol Ilkhanate had ended in Iran and Iraq China's Mongol rulers were threatened by the native Ming and the Golden Horde and the Central Asian Mongols were prey to internal discord Into this void moved the warlord Tamerlane the last major conqueror to emerge from Inner Asia In this authoritative account Peter Jackson traces Tamerlane's rise to power against the backdrop of the decline of Mongol rule Jackson argues that Tamerlane a keen exponent of Mongol custom and tradition operated in Genghis Khan's shadow and took care to draw parallels between himself and his great precursor But as a Muslim Tamerlane drew on Islamic traditions and his waging of wars in the name of jihad whether sincere or not had a more powerful impact than those of any Muslim Mongol ruler before him
