Spices Herbs what's the difference

Spices are hot and spicy and herbs are well herby right Not exactly Spices come from the seeds of a plant but herbs come from the leaves or roots So juniper vanilla coffee and chocolate are spices but not spicy whereas curry leaves and ginger though quite spicy are herbs A good reason for abandoning the distinction as I have done in this cookbook

Spices of Life and Herbs Too contains 87 recipes each featuring a different herb or spice or several and each with locked in tastes The book also contains my alphabet of spices and herbs from A to Z which answers questions such as Which is the most expensive spice on the planet Answer Saffron which comes from crocuses And how many crocuses do you need to make a kilo of saffron Answer 77 000 Which is the real Spice of Life Answer Spice of Life is the nickname of Sumac ground from the fruits of the Rhus tree sometimes known as the Tree of Heaven Which is the most popular spice in the world Answer Pepper which comes in many varieties black white pink red and green Which spice was considered as valuable as Manhattan Answer Nutmeg The only source of Nutmeg used to be the Banda Islands now part of Indonesia Once controlled by the British but coveted by the Dutch these islands were swapped for Manhattan which Henry Hudson had already claimed for the Dutch Trading Company The 1647 treaty gave the British control of the whole Hudson River area whilst the Dutch gained a monopoly supply of their beloved nutmeg
