The Report of the Hillsborough Independent Panel Hillsborough Independent Panel, 2012-09-12 96 women men and children died as a result of the disaster in Hillsborough Stadium on 15 April 1989 They were crushed due to overcrowding in the Leppings Lane terrace penned in by the ground's fencing Hundreds more were injured and thousands traumatised Lord Justice Taylor led a judicial inquiry 1990 Cm 962 ISBN 9780101096225 concluding that the main cause of the disaster was the failure of police control The next 11 years saw a variety of investigations and proceedings including a scrutiny of new evidence Lord Justice Stuart Smith 1998 Cm 3878 ISBN 9780101387828 Yet many bereaved families felt that the true context circumstances and aftermath had not been adequately made public and were particularly aggrieved that it had become widely assumed that Liverpool fans behaviour had contributed to the disaster The Independent Panel was established in 2010 to oversee full public disclosure of all documents relating to the disaster and to report on its work This report is in three parts Firstly it shows what was already known and in the public domain by 2010 Secondly in 12 detailed chapters it describes what the disclosed documents add to public understanding The third part gives a review of options for providing an archive of the documents. The disclosed documents available at http panel hillsborough independent gov uk add considerably to public understanding They show that multiple factors were responsible for the tragedy and that the fans were not the cause The report also shows that the bereaved families met a series of obstacles in their search for justice over more than 20 years Encyclopedia of British Football Richard William Cox, Dave Russell, Wray Vamplew, 2002 This reference work aims to provide sports enthusiasts journalists librarians students and scholars with an authorative source of information on a comprehensive range of subjects covering the history and organization of football in Britain Over 250 entries focus on key organisations or individuals famous clubs major competitions events venues and incidents institutions and organisations as well as key issues such as gender racism commercialization professionalism and drugs alcohol and football **Fictional Representations of English Football and Fan Cultures** Cyprian Piskurek, 2018-06-12 This book explores how recent football fiction has negotiated the decisive political developments in English football after the 1989 90 publication of the Taylor Report A direct response to the 1989 Hillsborough Disaster and growing concerns of hooliganism the Taylor Report suggested a number of measures for stricter regulation of fan crowds In consequence stadiums in the top divisions were turned into all seated venues and were put under CCTV surveillance The implementation of these measures reduced violent incidents drastically but it also led to an unparalleled increase in ticket prices which in turn significantly altered the demographics of the crowd This development which also enabled football s entry into other mainstream cultural forms changed the game decisively Piskurek traces patterns across prose and film to detect how these fictions have responded to the changed circumstances of post Taylor football Lending a cultural lens to these political changes this book is pioneering in its analysis of football fiction as a whole offering a fresh perspective to a range of scholars and students interested in cultural
