Tanya Chronicles Of A Space Mercenary Volume 3:

The Omega Chronicles Volume 3 Mack W. Wells, 2016-01-12 You would think it strange for a teenage boy to get a doll in the mail from his parents But its even stranger when this doll comes to life saying that she was made for him by his scientist parents before they disappeared in a lab accident At the same time a man comes after him and the android in hopes of using it to reshape humans into armored warriors Terry is about to find out the android has the power to change into armor and enhance any human she bonds with turning them into the fastest and possibly the most powerful being alive able to move at speeds faster than the speed of light Now Terry and this android must use their power to not only find his parents but also save the universe from the ones that want to use the androids power for the wrong reasons Luckily they dont have to do this on their own They have good friends and new allies to aid them in their fight to protect their hope for the future

Tanya Ronald Wintrick, 2013-05-20 Tanya The stand alone prequel to bestselling Chronicles of a Space Mercenary **The Video Source Book** David J. WEINER, 1990 **Science Fiction, Fantasy & Horror**, 1991 A comprehensive bibliography of books and short fiction published in the English language *Tanya* Ronald Wintrick, 2013-11-26 Tanya sees someone from her past in a chance encounter that chance encounter triggering a flash of memory from her forgotten childhood Amnesia they had told her That chance encounter and the face of the one she hated more than any other released the floodgate of her suppressed memories Tanya begins to remember everything and to realize her entire life had been a living lie She wasn't who she had been told she was and someone was going to pay for it Sci Fi Action Thanks and enjoy Tanya was a main protagonist in Chronicles of a Space Mercenary but the book Tanya is a stand alone novel This is Tanya's story **Soldier's Duty (Return of the Aghyrians Book 3)** Patty Jansen, 2013-10-23 Izramith Ezmi is many things a member of the feared all female Hedron guards a war veteran recently returned from a pointless and bloody mission and impatient angry and above all lonely With her contract about to run out she may be on her way to becoming a ruthless mercenary since what she really wants becoming a mother is out of the question Her family carries a gene that causes deeply malicious madness Her nephew was born with it and her useless sister has left him in the care of an institute A baby Two days old She wants to ask her uncle himself born with the condition if he can do anything for the boy But her uncle and his band of mad outcasts have gone missing rumoured to be on the world of Ceren So Izramith takes another hired gun contract in Barresh which is a city state on Ceren The job is to provide security at a high profile wedding Simple and straight forward right No crawling in mud no shoot outs no mangled bodies and blood drenched soil And meanwhile she can try to find her uncle Except he isn't there and the job isn't simple Izramith and her team discover evidence of an extensive spying ring Who is spying and why The dictatorship of the neighbouring nation of Miran has plenty of reasons to dislike Barresh and the city has a large group of people disgruntled with the pace of recent reforms But most importantly people have gone missing from the streets of Barresh for years No one has cared much because they were from disenfranchised groups but Izramith sees the link with her

uncle's disappearance and with the spying ring and knows that the security of the entire city is severely compromised. Postponing the wedding would be an admission of defeat so it's time for desperate measures. Izramith leads a small team in what has to go down as the most hare-brained mission to ever be undertaken in the universe. Much is at stake: peace, the lives of her uncle and her nephew and her own space opera/science fiction series.
